

Do you ever read about a movie you would like to see and wish you had someone who would like to go with you to see it?

Are you married to a person who will not go to movies and you really love to go?

Would you just like to escape to “Movieland” in the midst of troubling times?

... We have a group for you!

Cinemates began last year as a group of church friends and their family and friends who get together occasionally to go to a movie. Typically one of the members emails (or calls) the group just before the weekend to see if anyone would like to go to a Saturday or Sunday movie, quite often a matinee. Different members of the group attended 8 movies this last year. Right now, we have 20 **Cinemates!** If you would like to join this diverse group, contact Jo Nan Hester @ 258-9710 or hjonan46@mindspring.com.

Once your name is on the list, you will begin receiving invitations to movies. You are under no obligation to attend. You may also contact the group yourself to set up a date to a movie or event.

Consider putting your name on our list...there are no membership fees, no officer's positions and no standing meeting time.

We're just movie fans...**Cinemates.**
